Attn: Doug Jensen

I have attached a copy of the request for fees for the Small Mining Operation, Project ID S270100 for the Project Name: Snowflake.

This request was sent to Basin Perlite in Denver, Colorado. In late July of 2005, Harborlite, a division of World Minerals Inc, purchased the Basin processing plant in Milford, Utah and assumed the Snowflake claims. Apparently Basin was negligent in notifying you or arranging the transfer of these claims at that time.

I received the request for the \$150 permit fee today, August 14th, 2006 and will begin processing that payment immediately. I expect to have it paid by the end of August.

In the meantime, I have contacted Basin Perlite Company and asked them to begin the process on the MR-TRS that you require for the change from Basin to Harborlite. They have advised me they will do that as soon as possible and forward it to me for signature.

I would appreciate any leniency you might afford me on the Permit Fee time wise as we were unaware of the SMO on these claims. I am processing that payment as quickly as possible.

Thank you for your consideration.

Regards,

Jonna True
